Army OneSource Partners

Dear Sir / Madam:

As a part of a larger Department of Defense effort to increase coordination, achieve greater efficiencies, and consolidate shared functions among programs, the Army OneSource (AOS) Outreach Initiative will cease operations on August 27, 2017.

As you support the military population in your work, we understand the importance of having easy-to-access, quality resources at your fingertips. During the process of downsizing, AOS Outreach is committed to maintaining resources until August 26, 2017. For example, you may access the online collection of resources – data visualization tools, training and programs, best practices and ready-to-use materials – through the AOS Outreach Resource Center. This also means that all of the Outreach literature will remain available free of charge until the current supply is depleted.

The AOS Outreach Staff will remain fully engaged until the transition is complete. However, Military OneSource (MOS) is an alternate resource that offers centralized outreach assistance programs to support military members and their Families with meaningful, relevant information and services. No cost support is available online and by telephone. The website and call center deliver comprehensive resources and information of interest to the military community and its service delivery partners, as well as access to coaches, counselors and consultants who can provide expert, solution-focused assistance.

For more information about MOS or to quickly find other valuable resources and services, call 1-800-342-9647 or connect 24/7/365 at [www.militaryonesource.mil](http://www.militaryonesource.mil).

We sincerely appreciate your partnership, compassion and dedication to serving those who serve or have served our country.

Sincerely,

A handwritten signature in black ink that reads "Stephanie L. Hoehne".

Stephanie L. Hoehne  
Director, G9
