Google Apps Pilot Program

Dear Google Apps Pilot Participant,

The Family & Morale, Welfare, and Recreation Command (FMWRC) is excited to announce that the Google Apps Pilot Program is complete and the recent success of the pilot program has resulted in full availability of Google Apps to all members of the Army FRG web portal.

One of the first steps to make Google Apps available to all members is the conversion of the email domain name originally used in the pilot to a more permanent name. This change will not affect the way you are currently using your email. Sending and receiving email will still work like it always did, and when you log in after the domain name change, you will find all your mail and documents waiting for you.

If you use Google Docs offline, please sync your documents by May 3rd to ensure that changes you've made while offline are saved to Google Docs.

Starting today, 22 March we will be changing your email address from username@apps.myarmylifetoo.com to username@myarmyonesource.com. Mail being sent to your username@apps.myarmylifetoo.com email address will be automatically forwarded to your new email address. To help make the transition smooth, please inform your friends and Family that your e-mail address has changed.

As always, we welcome your feedback so we can continue to make improvements which will benefit you and your Family! Please send us your questions, comments or suggestions through the 'Contact Us' link located on the 'Help' menu of the Army FRG web portal. We hope you continue to take advantage of Google Apps and the other tools available through Army FRG!

Sincerely,

Ms. Shaunya M. Murrill
Chief, Strategic Integration and Outreach Division
Family Programs Directorate
Family and Morale, Welfare and Recreation Command
